I am attaching my comments on top of Rich's and Jane's. Mine are minimalist, and some of it is clean up from the previous edits.

Jason,

Attached are my suggested revisions to the 401 letter. I accepted all of Jane's changes before making mine. But I left her comments in place.

Laurie, you have not seen these revisions. Also, I will forward you the Basis for Decision. I don't think you had that.

I am in Monday until 3 pm, and available any time to discuss. Tonight too.

Rich

I've included some suggested edits and comments for your consideration. I will be in Sac tomorrow and much of Monday, but will be in by mid-afternoon on Monday to resolve any outstanding questions with you, finalize and sign the comment letter. I will be on the lookout in email for any edits/responses you might provide tomorrow while I am out.

I blocked out time on my calendar Monday at 3:30, since I should be able to get back from Sac by then, to finalize with you.

Hi Jane – Attached is the complete letter we discussed at today's update. I did make a few minor mods to the cover you saw. As I'd indicated, I've been slow on getting my review in (I've had it all week),

Ex. 5 - Deliberative Process

Rich. Rich, please protect me from myself, and I apologize for the short turn-around. ☺
